

2027 COMMUNITY GRANTS

SITE VISIT CONVERSATION GUIDE

Organization Name: _____

Date of Site Visit: _____

This guide is intended to help stimulate conversation and provide some consistency across site visits. Panelists should review the application before the visit and use these questions as conversation starters rather than a required script. You do not need to ask every question exactly as written, and you are encouraged to ask additional questions that arise from the application or during the visit.

The goal is not to repeat the application, but to gain a better understanding of the organization, the proposed work, and its potential impact.
